

# Animal By-Product Recycling (Fat & Bone Services)

**Baker Commodities Inc.**  
Recycling for Life®

Baker Commodities' modern fleet of trucks collects by-products from meat and poultry processing plants, supermarkets, and butcher shops on a regularly scheduled basis and transports materials to our environmentally-friendly rendering facilities where all by-products are processed daily.

We provide equipment and services that meet your every need, including:

- State-of-the-art trucks to pick up materials
- Company-provided 32-gallon or 45-gallon containers and scheduled container cleaning
- Reliable daily service and regular pick-up schedules with emergency service provided as needed
- Automatic monthly billing

**Our Total Grease Management™ (TGM) Program** is also available to meet your grease removal, plumbing and cleaning needs. We can customize the perfect program for you, including:

- Grease Collection
- Grease Trap & Interceptor Pumping
- Drain Cleaning & Plumbing
- High-Pressure Power Washing with Water Recovery
- Preventative Maintenance

Baker Commodities is a completely "green" company - we recycle everything we pick up. We are a fully permitted and licensed rendering company, utilizing our proprietary state-of-the-art continuous rendering process to recycle materials, and highly sophisticated air and water pollution prevention equipment to keep the environment clean.
