

Animal Mortalities Removal

Baker Commodities Inc.
Recycling for Life®

Baker Commodities provides a valuable service to the cattle and dairy industries through the collection and recycling of animal mortalities. Our modern fleet of trucks picks up and transports materials to our environmentally-friendly rendering facilities where all materials are processed daily.

We provide equipment and services that meet your every need, including:

- State-of-the-art trucks to pick up materials
- Reliable daily service and regular pick-up schedules, with emergency service provided as needed
- Automatic monthly billing

Baker Commodities is a completely “green” company - we recycle everything we pick up. We are a fully permitted and licensed rendering company, utilizing our proprietary state-of-the-art continuous rendering process to recycle materials, and highly sophisticated air and water pollution prevention equipment to keep the environment clean.

Our Total Grease Management™ (TGM)

Program is also available to meet your grease removal, plumbing and cleaning needs. We can customize the perfect program for you, including:

- Grease Collection
- Grease Trap & Interceptor Plumbing
- High-Pressure Power Washing with Water Recovery
- Preventative Maintenance
