

Hydro Jetting Services

Baker Commodities Inc.
Recycling for Life®

Baker Commodities provides hydro jetting services in most markets. We provide outstanding service due to our specialized employee training and state-of-the-art equipment. Our high-tech hydro jetters cut through even the toughest grease and remove all left-over debris.

Baker Commodities Provides:
Video inspection that identifies and locates breaks, clogs and line problems.

Plumbing repair, including pipe replacement, faucet repair and installs.

We also offer confined space entry repairs to all grease interceptors. We follow all State-mandated guidelines with proper permitting and gas monitoring to insure complete on-site safety. Our inspections include:

- Gas monitor testing of four gases
- Gas respirators
- Protective suits with hoods
- Full compliance with OSHA requirements
- Monitoring equipment that is calibrated quarterly

Our Total Grease Management™ (TGM) Program is also available to meet your grease removal, plumbing and cleaning needs. We can customize the perfect program for you, including:

- Used Cooking Oil Collection
- Grease Trap & Interceptor Pumping
- High-Pressure Power Washing with Water Recovery
- Preventative Maintenance
