BENEFITS

- Prevents grease theft
- Fits most standard pipe sizes
- Caps and locks outside piping
- Made entirely of steel
- Virtually impossible to vandalize
- Easy to install and utilize
- Patent pending

PIPE LOCKS

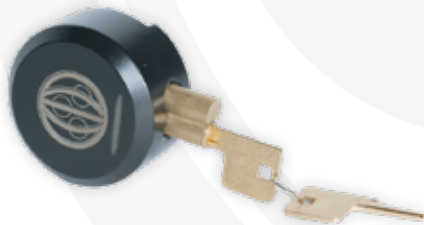

Grease theft is a common problem for restaurants and businesses that store or pipe their used cooking oil outside. For those businesses that have pipes extending outside from an indoor used oil container, Baker Commodities has developed a new anti-theft device that protects the valuable used cooking oil.

Pipe boot comes in black and white

Boot fits snugly around pipe caps

Shackleless lock secures pipe boot

Boot locks securely
